1st Tech Tip on web browsing and VS Code

Tuesday 4/25 after class!
Feel free to share any tips too!

Humanitarian Mapathon ends later today!

Closing Keynote

- Taichi Furuhashi

Taichi Furuhashi is passionate about mapping, connecting local communities with maps and sharing knowledge to empower people. As you know, Huge Earthquake and Tsunami destroyed a lot of cities and local communities in East Japan area in 2011. They are trying, how to make more resilient society with Mapping, Panorama/VR and Drone technology. Taichi is a professor of Aoyama Gakuin University and President of CrisisMappers Japan, NPO. Now he has started DRONEBIRD project with drones for Disaster Crisis Response.

Closing keynote with CrisisMappers Japan at 5:15pm

Progress Report after week 5

I'll send you an email with your current grade then!
If you are worried, more extra credit opportunities will be available!

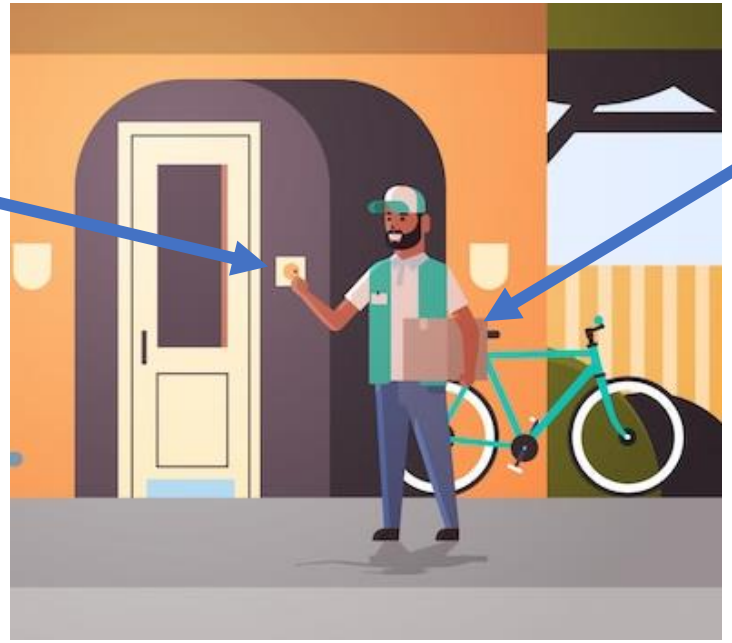
Quick Recap

First Lab – Building our house and painting it (**HTML** / **CSS**)

Second lab – Adding a laundry machine to a room in the house **(JavaScript)**

This lab – Letting some one visit our laundry room to use it! **(JavaScript**)

2 Labs for 2day!



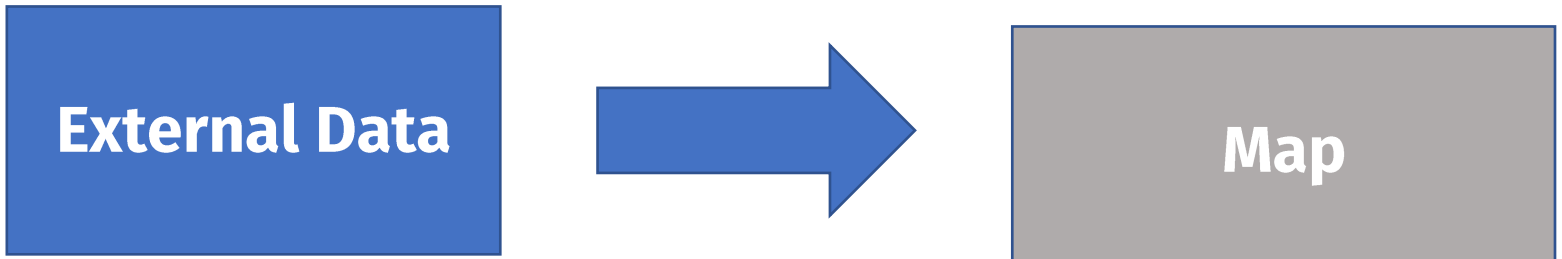
Lab 3A – JavaScript events with a button

Lab 3B – Adding GeoJSON data to our map!

The Three Opens

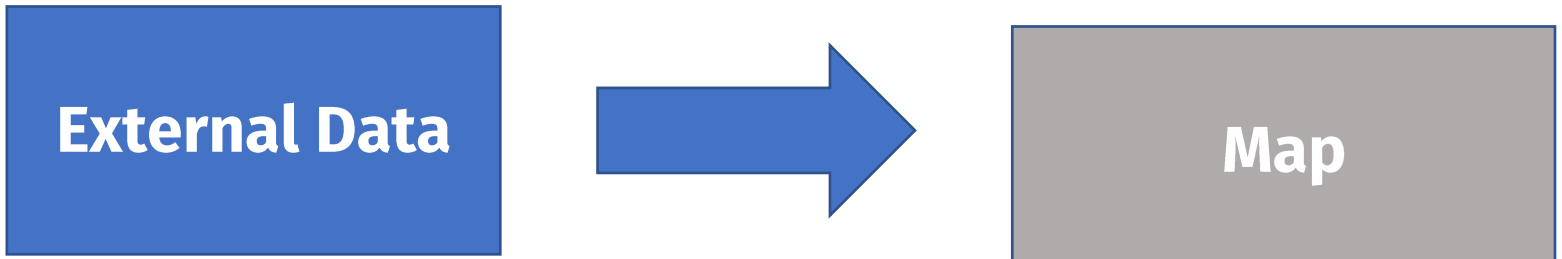
- Open Source
- Open Standards
- Open Data

What Lab 3B is about!



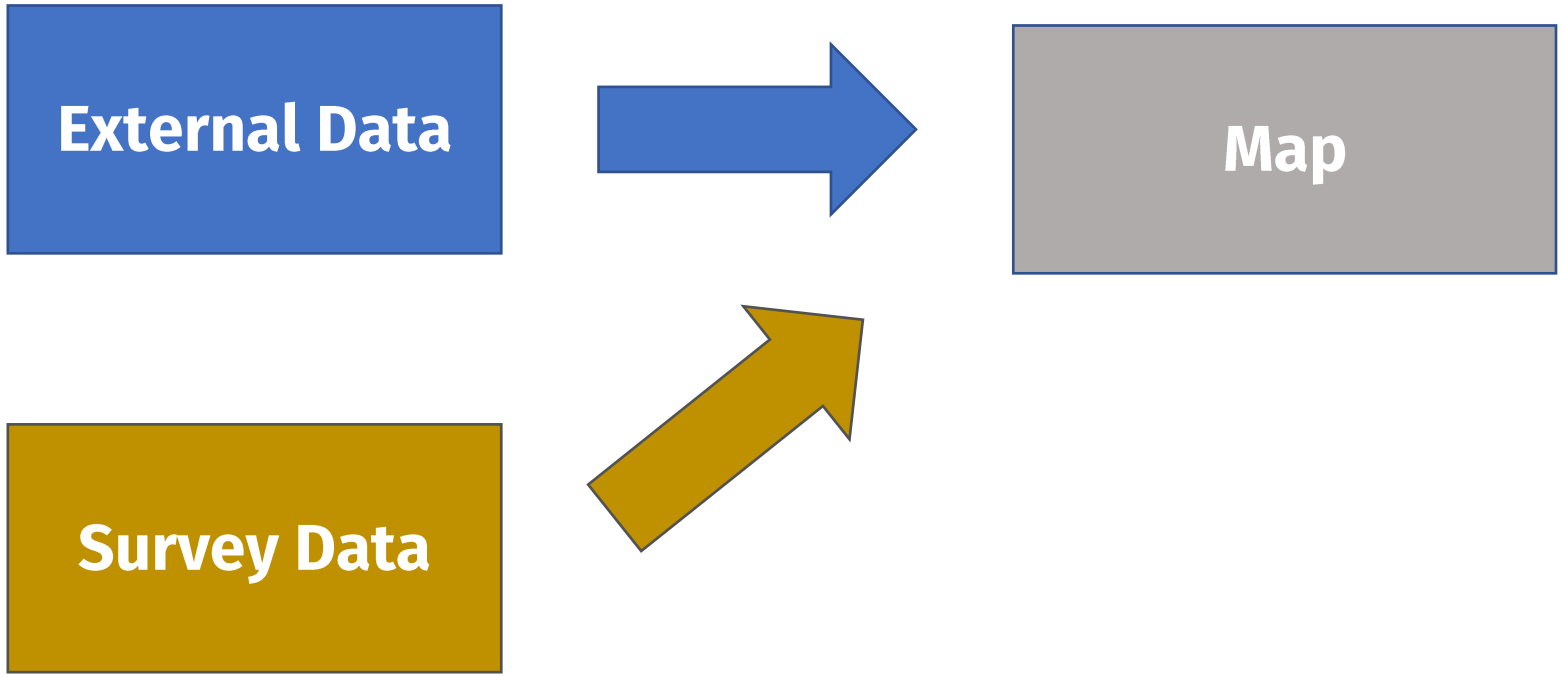
We are working with a GeoJSON file, which is an Open Standard

What Lab 3B is about!



We are working with a GeoJSON file, which is an Open Standard

What Lab 3B is about!



Why?

Closing keynote with CrisisMappers Japan at 5:15pm
